BOOHER TO SPEAK

UNITED STATES CONGRESSMAN COMES OCTOBER 30.

WILL CLOSE CAMPAIGN

Addresses by National Representative and A. M. Dockery, Former Governor, Will End Campaign.

Congressman Charles F. Booher, of Savannah, will be one of the speakers at the Democratic meeting to be held in Maryville Friday afternoon, October 30, in the court house. A. M. Dockery formerly governor of Missouri, will also be here for that meeting. This will be the closing rally of the Democratic campaign in the county. It is expected that a large crowd will be in attendance. The meeting is being well advertised.

Congressman Booher is expected to return home from Washington either tomorrow or Sunday. This will be his first visit for about a year, he having continuously been attending to his duties as congressman during the session of congress. As there is only a week left before election, Mr. Booher will be unable to make a canvass over the district. His speech at Maryville next Friday probably will be the only one to be given in Nodaway county.

The auto tour of the Democrats next Tuesday, Wednesday and Thursday which will cover nearly all of the county, promises to be a great success. Many democrats have promised to send their cars on the run. If the weather is favorable, it is believed there will be from twenty-five to fifty cars in the parade. In these cars will be the Democratic candidates and speakers, the members of the county committee and other Democrats. The band will be taken along and at each place music will be furnished and short talks made.

A plan of procedure in the campaign for the upholding of the county unit bill, passed by the state legislature two years ago, was formulated at a council of ministers of Nodaway county, which was held in the Linville hotel yesterday afternoon. Meetings in the various churches of the county were arranged for Sunday night, while other campaign sessions during the whole of next week also are planned.

The Maryville ministers will each go to other churches for sermons on the county unit bill Sunday night. They will be succeeded in their pulpits by pastors of other churches in the county. Each meeting will begin at the usual time of 7:30 o'clock. Large crowds are anticipated.

Special programs of singing and prayer have been arranged at some churches, while every Protestant minister will be expected to talk "county unit" in his Sunday night sermon. One union meeting will be held tomorrow night at the Mount Pleasant church, with several ministers and laymen engaging.

The various auxiliary organizations of the churches of Maryville and the township and county branches of the Anti-Saloon League also are enlisting in the campaign for the upholding of the county unit bill. The Men's club of the First Baptist church, in its annual meeting last night, resolved to offer its services to the Ministerial Alliance in the campaign to be held next week.

The Anti-Saloon League and other organizations are making a big fight over the state for the adoption of county unit. Seven hundred thousand sample ballots showing how to mark No. 10—county unit—are being sent over the state in addition to a half million copies of a county unit "special."

They are being distributed over Nodaway county this week at church and political meetings.

Land Was Cheap Then.

Most of the 400 acres of land that S. C. Pistole recently sold east of Hopkins at a hundred dollars an acre was bought by him in an early day for "eight and a third" an acre, but it looked high to him then, it being open prairie with no near neighbors in sight, says the Hopkins Journal.

While it was strictly a Democratic meeting, at which only persons of that party had a chance, there were many persons of other political affiliation in the audience to hear the expositions of Democracy. Mr. Wright made the principal address of the meeting. He was followed by Mr. Ford and Mr. McCaffrey, each of whom dwelt upon the Wilson administration in general and the worth of the Democratic county candidates in particular.

PLAN MAUSOLEUM

MAY BUILD LARGE TOMB AT OAK HILL.

TO CALL COUNCIL MEET

Could Contain 250 Crypts, Leaders Say—Cemetery Committee Returns from Omaha.

A concrete mausoleum, 40 by 80 feet in dimensions, with tiling floor and marble interior siding, to contain 250 crypts, probably will be built at a cost of about $35,000 in the southwest corner of Oak Hill cemetery. Plans now are being formulated for such an improvement there, and the holding of a special meeting of the city council is contemplated to obtain the consent to construct.

Frank Garrett and Louis Gram, two of the three members of the cemetery committee of the council, and R. L. Lawrence of Peoria, Ill., who is interested in the contemplated improvement, made a trip of inspection to Omaha this week to visit a mausoleum which is being built in Westlawn cemetery there.

The proposed mausoleum would be built on the surface, with an entrance probably at one end and one side. Granitoid walks would lead from it to the roadways skirting the cemetery. The tomb is expected to cost between $30,000 and $35,000, according to Mr. Lawrence, who is connected with the Union Mausoleum company of Peoria.

To Contain a Chapel.

The mausoleum would be lined on each side and probably at the rear with crypts to hold 250 corpses. The facing of the crypts, as the remainder of the interior walls, would be of white marble. Each crypt entrance also would be provided with an inscription plate and photograph container.

The floor of the mausoleum planned here is to be of concrete with block tiling over the cement foundation.

In the center of the tomb it is planned to install a chapel about 20 by 50 feet in dimensions for the convenience of the entire cemetery in holding funeral services in inclement or stormy weather.

Must Amend Ordinance.

One of the moves that must be made before such an improvement can be assured, is in amending a city ordinance relating to the operation of the Oak Hill cemetery, so that the company can purchase sufficient ground on which to erect the mausoleum. The ordinance at present permits of the purchase of a maximum of two lots by one person. It is desired to so amend this so that at least six blocks, or twelve lots, could be bought of the city in one tract on which to erect the tomb.

For this reason it is planned to ask for the holding of a special council session next week. The next regular meeting will not be held until November 6. At the southwest corner is the only suitable location in the cemetery where the erection of a mausoleum could be accomplished without disturbing any present graves.

Believe Council Will Approve.

It is planned to secure the site for the mausoleum, sell crypt rights in the tomb this fall and begin its erection next winter or early next spring. The nearest mausoleum now is at Creston, Ia.

That the city council will approve of the amendment to the city ordinance and the sale of cemetery rights for the mausoleum there is little doubt. It is pointed out that the erection of the tomb will in itself enhance the value of lots in that cemetery and make the place more attractive. The price for the necessary ground has not been announced, but it will mean considerable revenue to the city.

Mayor U. S. Wright this morning said he had received no official request yet for a special meeting of the council, but that he expected such to be made soon. Mr. Garrett of the cemetery committee expressed satisfaction at the contemplated improvement and that the councilmen would uphold them in any action they might take relative to the improvement.

Councilman H. L. Raines said this afternoon he would vote to amend the ordinance and the sale of the necessary tract.

A Western Society Sample.

With the newly acquired dignity of eight years, Arthur Miller, son of Mr. and Mrs. Fred Miller, marched like a general at the head of a column of his friends yesterday afternoon to the Atlas, where, in honor of his birthday, he entertained them.

In such pleasant company, the pictures were especially enjoyable and the children were sorry when there were no more to be seen. But still there were other joys.

Back to the home of the host the company found its way and renewed the joy of examining and admiring the fine array of gifts brought to the young gentleman.

Then, best of all, the host's mother announced that the feast was ready. With proper decorum, places were found and expectancy was plainly writ on the faces of the guests. The huge cake was in alternate layers of pink and green with eight candles burning brightly on top.

It looked so pretty it seemed too bad to cut it, but that was what it was for. It tasted just as good as it looked, and the other dainties were in keeping. The small appetites were finally surfeited, and after a final romp, good-byes were said and the party was out.—Cheyenne State Leader.

While I read the above article I was overwhelmed with sympathy for the readers of a paper whose society editor places such a tax on their mentality.

Society editors are sort of thrust on an unsuspecting public, but I am sure it is comforting to you to know that your s. e. doesn't take all these words to say that a bunch of kidlets had a movie party and a "feed."

Cruiser Destroyed Thirteen British Merchantmen in Atlantic Thursday —400 Sailors Rescued.

(By American Press.)

London, Oct. 23.—The German general staff has left Ghent. There are strong rumors of a severe German defeat, according to the Rotterdam correspondent of the Daily Mail. Messages from different points of the northern frontier agree that the German coast army has been rolled up like a ribbon. But the German coast army now being turned back may be only an advance movement, it is reported.

The German cavalry is unable to maneuver in the entanglements, and the big guns of the Germans are stuck in the mud, it is reported. It is also reported that the British have cut the German line at Ostend.

It is admitted, however, that there is no foundation for the repart that the Germans have abandoned Gurges.

Dispatch from the Canary Islands, Oct. 23.—Today's mail, dated Thursday, reports that the German cruiser Karle Ruhe has sunk thirteen British merchant ships in the Atlantic. The news of the exploit of the German war vessel was brought by the German steamer Crefold, which arrived here with four hundred British from the destroyed steamers.

Why Stone Should Go Back.

The country, at this moment, stands in need of experience at the national capital. Senator Stone has this experience, coupled with as fine a line of conservatism as any man in public life now or any other time.

It is too bad that the senator belongs to the party that has too much power for its own good. As an independent newspaper, the St. Louis Times is able to see that an overwhelming majority is fatal to the effectiveness of any political organization. Too much all but wrecked the Republican national organization, which, thoroughly chastened, is now sitting up and taking notice.

Next month's election will in all probability cut down the brutal Democratic majority to normal proportions. This being so, there will be room for effective work by the experienced, the suave, the conservative Stone. He will work more effectively with a narrow margin on his side than with a heavy majority running wild.

The state of Missouri has for its reason for supporting Stone a touch of home pride. The leadership in the United States senate is not to be sneezed at, even by this commonwealth of many statesmen. Missouri wants Stone to go back to the senate for his ripe experience, for his value to the state, as well as his nation, and for his conservative strength at a time when such strength is needed.—St. Louis Times (Rep.) You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—Keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

HELP COMES QUICKLY

When Hyomei is Used for Head Colds, Catarrh or Croup.

When your head is all stuffed up causing you dull headaches, difficult breathing, constant sniffling, and you feel generally miserable, there is nothing quite equal to Hyomei to give quick, effective and lasting benefit—yet perfectly harmless, simple to use and inexpensive.

To get quick and certain relief from catarrh or a cold it is most important that the medication goes directly to the inflamed tissue lining the air passages. That's the Hyomei method. Just put a few drops of antiseptic Hyomei in the inhaler that comes with every complete outfit, and breathe it—you will feel better at once. It clears the head, quickly relieves the tightness in the chest and that choked-up feeling, all disagreeable nasal discharges, watery eyes and dull headaches surely cease.

So certain is the Orear-Henry Drug Co. of the curative powers of Hyomei for catarrh, croup, asthma and similar diseases that they sell it on the "No-cure-no-pay" plan.

DESPERATE FIGHTING CONTINUES

Battle Still Rages on Yser Canal.

CONFLICTING REPORTS.

Each Sees Own Side Gaining the Advantage.

BOTH HOLD STRONG LINES.

English and French Warships Shell German Troops.

London, Oct. 23.—There has been no cessation of the battle in Belgium and northern France. All the official communications declare the fighting is of the fiercest character and that British warships continue to aid the allies on land with heavy shell fire from their guns. One report has it that the British fleet is being assisted by a French squadron.

Along the coast the Yser river still divides the contending forces. Neither side, apparently, has been able to advance, but in the interior, according to a German report, the allies are retiring from several important positions.

This statement of the Germans is contradicted, however, by the French communication, which says the allies have not been moved, despite violent attacks of the invaders.

All along the front, from the North sea to the Swiss border, in fact, each side claims to have repulsed the attacks of the other or to have made slight progress at various points.

The contending armies are seemingly so nearly equal in strength that niether can force the other back, pierce the front or get around the wings.

The shells of the allies are raining down upon the Germans at Ostend and Nieuport, causing terrific destruction, the Telegraph's Antwerp correspondent reports.

Bodies Cover Fields.

"The battlefields are covered with bodies," the dispatch continues, "but fresh German troops continue to arrive. Since morning the Germans have retreated slightly.

"A French squadron is supporting the English warships, which the German gunners have difficulty in reaching.

"The German cavalry is useless and the men and horses alike are being mowed down.

"The allies' positions are strongly fortified by entrenchments and inundations of territory. The allies, in addition to Ostend and Nieuport, also are firing in the direction of Jabbeke, about seven miles southwest of Bruges, in order to destroy the railway line between Ostend and Bruges.

"All the Ostend forts are filled with wounded.

Russ Claim Victory.

In Poland the preliminary battle, at least, has moved a little more swiftly. The Russians report that they have been able to drive back the first German offensive move against Warsaw, the Polish capital, and of the fortress of Ivangorod. All the Russian accounts refer to this as a great victory. They declare the Germans, besides losing many prisoners and guns, have left large quantities of ammunition and provisions in the trenches they had prepared for their defense.

Apparently there has been more fighting on the East Prussian frontier, where the situation has been quiet for some time, as the German reports say, "our troops are pursuing the retreating enemy in the direction of Grajewo."

The battle around Przemysl and south of that city is still going on, but farther south the Austrians claim they have cleared the Russians out of Hungary and are advancing toward Bukowina, a crown land in eastern Galicia, with the same object in view.

Coast Villages Razed.

As if the Belgians had not already suffered sufficiently from the war, the villages along the coast north of Ostend are being razed from shell fire. Long, as they do, between the German lines and the British warships, some of them are reported to have been wiped out and others badly damaged. It is believed, however, that virtually all the inhabitants of the villages fled when the Belgian army retired behind the Yser river.

Emperor William and the German headquarters staff have retreated from Czenstochota, Russian Poland, into Silesia, according to a dispatch from Petrograd.

Germans Interned at Johannesburg.

New York, Oct. 23.—More than 1,900 Germans of all classes, from merchants to waiters, have been interned in a public park near Johannesburg, South Africa, by British authorities, as a result of reported activities of German agents among natives, according to C. F. Alon of Tacoma, Wash., who recently left South Africa and arrived here on the steamship Adriatic from Liverpool.

PLUNDERING IN ANTWERP

Germans Dealing Severely With All Thieves in Belgium.

London, Oct. 23.—Travelers from Antwerp, says the Rotterdam correspondent of Reuter's Telegraph company, report that 10,000 German marines, with machine guns, left Antwerp in a southerly direction. Later a long file of carts, bearing wounded, entered the town. The garrison of Antwerp has been greatly reduced and only a few policemen are on duty. Plundering in the suburbs is increasing. The Germans are dealing severely with plunderers when they are caught. Recently a man, who was detected forcing an entrance to a house, was shot.

The Germans are on the friendliest terms with the population. A big movement of troops is reported from Ghent.

Socialist Elected Provisional Deputy

Berlin, Oct. 23.—A dispatch from Altona brings the news that the Socialist municipal councillor, Thomas, has been elected a provisional deputy in the Prussian diet, succeeding Privy Councillor Sieveking. The Berlin press comments on the election as evidence of German unity in the present war and faith in the emperor's promise that he would know no parties.

Revolting Arabs Kill French In Africa

Providence, R. I., Oct. 23.—"Arabs in revolt against the French have killed more than half of the French officers in charge of the troops in northern Africa," Dr. W. E. Lowther a Methodist missionary from Algiers and Morocco declared on his arrival here.

CHILDREN HATE OIL, CALOMEL AND PILLS

"California Syrup of Figs" Best for Tender Stomach, Liver, Bowels —Tastes Delicious.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

MRS. CARMAN DENIES SLAYING

Wife of Physician Swears She Is Not Murderess.

NEVER USED GUN IN HER LIFE

Did Not Tell Negro Maid That "I Shot Him," as Other Ttestified on Witness Stand—Tells Why She Installed Telephone Device.

Mineola, N. Y., Oct. 23.—Mrs. Florence Conkling Carman told the jury before which she is on trial on the charge of the murder of Mrs. Louise Bailey that she is innocent.

She denied that she had ever told her maid, Celia Coleman, that "I shot him" on the night of the tragedy. She never fired a gun in her life, she said, and continued:

"I did not go through the kitchen, as Celia Coleman said. I did not say 'I shot him.' I did not come down in a kimono and a nightcap. I did not go in Dr. Carman's office at any time on June 30.

"As to the telephone device, I had that installed because of stories I had heard. People would ask him how his girls were, and he would stay out all night. I was not crazy jealous, but I wanted to find out if the stories were true.

"I did not show Celia a revolver. She did not speak the truth when she said she tried to keep me from going into the office. I did not tell Celia I would take care of her little boy if anything should happen to her. Neither did I ever give Celia $5 and tell her that was for keeping her mouth shut. I did not tell Celia the day after the murder to get Mr. Conklin from the barn as I wanted him to get the revolver out of the house.

"I did not go to Celia's room the morning after the murder. I did not say, 'I hope God will forgive me. Oh, why did I kill that woman?'"

Mrs. Carman then took off her gloves and exhibited her bare arms to the jury.

"I never had any scars on them," she said. "They were not cut on the night of June 30."

THREE KILLED IN FIGHT

Canadian Official and Two Robbers Slain in Battle North of Border.

Blaine, Wash., Oct. 23.—The band of men who are believed to have robbed the Bank of Sedrowooiley of $20,000 and whose progress northward through the sparsely settled parts of Skagita and Whatcom counties has been continuous since the robbery, fell into a trap three miles north of the international boundary here and two of their number were killed and a third wounded when a posse intercepted them. A member of the posse was also instantly slain.

The dead: Clifford Adams, Canadian immigration inspector, and two robbers.

Wounded: R. H. Kieth, special detective for the Great Northern railroad, and an unidentified robber.

The two robbers who escaped are being closely pursued and can scarcely escape.

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

FURIOUS SHELLING STILL CONTINUING

Heavy Bombardment Between Osteno and Nieuport.

London, Oct. 23.—"The furious bombardment between Ostend and Nieuport continues," according to a dispatch from Amsterdam. "The Germans are firing from Mariakerk and Middelkerke, the French from Nieuport and the English from their warships. English aviators directed the fire of the allies on the German positions.

"The French and Belgians are persistently resisting the efforts of the Germans to cross the river Yser. The dykes of this river have been cut and the banks at high tide are flooded for considerable distances. Continual rains have made the land very swampy and the Germans, suffering from heavy losses, cannot advance. Large numbers of their wounded arrived at Bruges and Ostend and a body of Germans came from Ghent to assist in their removal.

"A further consignment of new guns for the shelling of British warships has arrived at Ostend.

"Zebrugge is still occupied by German marines."

BATTLE VERY SEVERE

Allies Are Slowly Retreating, According to German Official Statement.

Berlin, Oct. 23.—The German war office makes public the following dispatch received from the general headquarters:

"The fighting on the Yser canal continues. Eleven British war vessels assist the enemy's artillery. An English torpedo boat was put out of action by our artillery.

"East of Dixmude, the enemy was repulsed. Our troops have advanced successfully in the direction of Ypres.

"The battles to the northwest of Lille are very severe, but the enemy is slowly retreating.

"Fierce attacks from the direction of Toulon heights, south of Thiaucourt were repulsed with heavy losses to the French.

"The fact is the British admiral commanding the fleet off Ostend wanted to bombard the town, but finally was persuaded by the Belgian authorities to abstain.

"In the northeastern war theater our troops are pursuing the retreating enemy in the direction of Osowetz (Russian Poland). Several hundred prisoners and machine guns were taken.

"Near Warsaw and (elsewhere) in Russian Poland, after several days of battle no fighting was reported. The situation is still in a state of evolution."

Germans Before Warsaw in Retreat.

Washington, Oct. 23.—A cablegram from the French foreign office said:

"The Germans before Warsaw have abandoned their defensive position and are in retreat, pursued by the Russians, who have captured many prisoners and munitions. The Seventeenth and Twentieth German army corps have been decimated."

Aguas Calientes Convention Fails.

El Paso, Tex., Oct. 23.—Advices from Mexico City indicated that the Aguas Calientes convention already had resulted in failure and would not be renewed.

Rumor Porfirio Diez Is Dead at Madrid.

Mexico City, Oct. 23.—An unconfirmed report received here stated that former President Diaz of Mexico died in Madrid.

Diet Grants War Credit.

Berlin, Oct. 23.—The Prussian diet has passed war bills carrying an appropriation aggregating $375,000,000.
